

YOU'VE BEEN CHEERED

Keep the fun going

Place this in your front window so neighbors know you've already been Cheered!

Cheer other neighbors by making some treats and secretly delivering this to as many friends and neighbors as you would like that who have not been Cheered yet - aim to Cheer three neighbors!

This special "hello" is being given to you by a Cheery Check-In Neighbor to bring a smile to you and yours. One by one, we are creating a tribe of Cheery Check-In Chums around the world, one Check-In at a time. You might know the person who left this for you, and you might not ... it doesn't matter because it was left with lots of heart and happiness.

In this world right now, we could all do with some lightness and cheer and the Cheery Check-In Chums are looking to drop a little happiness to those around them.

Keep the fun going and join the Cheery Check-In Chums!
